- b. Group training was discussed for u8, u10, and u12. The concept was to have the age groups train together on Tuesdays and with their respective teams on Thursdays. This would allow to better leverage qualified coaching resources to insure that all kids were given proper and adequate training regardless of team.
 - c. Adopting a team name from MLS was discussed as a way to get kids engaged in watching and identifying with soccer at a higher level. Concern was that this may overshadow sponsors recognition.

Team had not given money to league but coach assured board that it had been paid. Tim Taylor will contact person on team responsible for collecting funds to discuss what happened.
