Situation with the County/Rec Department

Tim Taylor – Biggest concern is that changes with the Recreation department are being done behind closed doors, not open. Spring season will be run by OCSL board, then transition over to Recreation department. Brief history of relationship between recreation department and OCSL.

Keith Barlow - explanation of how meeting with Rec Department went. Organization needs to be more vocal in what is best for the kids. Discussions with Ralph McMullin, Bubba Williams have met with mixed results. Discussion about where Soccer sits within the Rec Department/County leadership. Questions regarding with money, about how and when to purchase, will we have access to the money.

Association liable for operational expenses – No Rec Department

Possible Solutions:

Lease the fields – long term lease for the fields

Calling clubs to see what they lease fields for from the county – Mike McCabe, Bruce Griffin, Donnie O. Barb, Keith and Tim will help out when original data is collected.
